Sub: OES Patron

Dear Member,

Wish you a Happy New Year 2016.

Let it be the Year of Low Carbon Life Style, Health, Peace and Prosperity.

The Orissa Environmental Society, established in 1982, has been marching ahead slowly but steadily with your encouraging participation and kind cooperation. The Society stands on its own without any recurring or project-based external grant. The membership subscription, donation by benevolent members, corporate houses and others is the only source of financial strength.

There is provision of 'Patron' in the Rules and Byelaws of Orissa Environmental Society (Article IV, b) under the category of members. However, this has been given effect from the year 2015 only. As per the provision, an eminent person of repute and merit is nominated as 'Patron' of Orissa Environmental Society for distinguished contributions to the cause of protection, conservation and promotion of natural resources and environment. The Life Members who have been presented the Certificate of Honour as 'Patron' during 2015 are Dr. S.K.Tamotia, Prof. L.N.Patnaik, Prof. D.P.Ray, and Dr. S.N.Patro.

Any Life Member interested to become a 'Patron' of Orissa Environmental Society may make an application in the enclosed format. The Executive Committee in consultation with the Advisory Body will consider the application basing on the merit for awarding the 'Certificate of Honor' as 'Patron' in a special function. Any Life Member to be chosen as 'Patron' will be requested to contribute an amount not less than Rs. 10,000/- (Rupees ten thousand) only to the Corpus Fund of the Society. Donations made to Orissa Environmental Society shall qualify for deduction U/s, 80G (5)(vi) of the IT Act 1961.

You benign cooperation is solicited

With respectful regards.

(S.N.Patro)
